

# Rocca delle Macie

FAMIGLIA ZINGARELLI

## Tenuta le Macie

Purchased in 1973, this estate remains the heart of the company and plays host to the offices and the cellars. It is composed of 93 hectares (230 acres), of which 31 (76 acres) are given over to vineyards, mainly Sangiovese grapes with some hectares of Cabernet Sauvignon, Merlot and Colorino. Here, you can admire some of the winery's

most beautiful vineyards, on which major replanting operations have been carried out with a particular focus on analyzing the soil and achieving the right hydrological and geological balance with a view to reaching the best possible quality without compromising the environment.
